## Education

### Life Choices Coding Academy

Web Development, UI/UX & Software engineering

2023 - Present

### Heathfield high School

Matric

2017 - 2021

## Work experience

### Freelancer

Built frontend web applications with ReactJs and VueJs for companies to help make their digital presence known on the web,I gained skills like working closely with clients and meeting every need of the client, thus together working as a freelancer also made me to be more detail and deadline orientated

2023 - Present

[Go to my projects](#)

### Life Choices Studio Intern

During my time as an intern in LCS as a web Developer I got the chance to work in a team and I obtained soft skills like team work,and communication skills which enabled me to be more resilient, and utilized my time management effectively.At the time at lcs I got to learn new technologies like C++ and python and use it in real time and made me me more proff

2024 - Present
